Worktops

A fusion of style and function

Choose the look to complete your dream kitchen from our range of stunning, precision built worktops. Whether your worktops are to provide the finishing touch or to be the focus of your kitchen, they need to look great but also to perform well too. They're not called worktops for nothing. With Oasis you can be sure that you're getting the best of both, a range of outstanding and inspirational decors combined with a technically brilliant and durable construction that won't break the bank.

Featured decor: K026 SU Grey Pietra Marble

Inspiration for all tastes

Whether you're looking for lustrous, contemporary stone effects or the warm welcome of a classic woodgrain finish, these worktops provide a focus in the kitchen that makes a statement as well as a meal. Oasis have compiled an inspirational range of 34 on-trend designer decors that stretch from homely and traditional Oaks and Walnuts to the cool, minimalist chic of Marble, Slate or Granite.

But good looks aren't everything, our high pressure laminate worktops set the benchmark for durable, high quality construction that isn't reflected in the price. So naturally they are suitable for all domestic kitchen applications; resistant to high temperatures, impact abrasion and household stains.

Oasis worktops are constructed in the UK from the latest technology high pressure laminate, making them robustly water and heat resistant, and built to last with a sealed back edge, a laminate wrap-around and a sealed front edge to prevent the penetration of moisture and steam.

They're reassuringly green too, utilising a high quality environmentally friendly chipboard core.

Quality you can feel

Worktops can bring a kitchen to life, and Oasis worktops set the mood and tone with a choice of 9 tough yet beautiful textured finishes. From the riven texture of Natural Stone to tactile surface of Opal or the sophisticated character grain of Wood Original, Oasis worktops can bring an extra dimension to your kitchen. Not just a feast for the eyes, but a treat to the touch.

Awarded the Furniture Industry Research Association (FIRA) Gold Certificate for consistency in performance, Oasis worktops are manufactured and tested to BS EN438.1:2005, and are subject to a programme of continuous quality control to ensure product quality and total satisfaction.

The stylish profile has a 6 or 10mm radius with continuous return to add a touch of elegance.

Oasis worktops can be complemented by stylish and hygienic upstands which provide a neat and attractive finish between the worktop and wall. The upstands are available in a variety of decors.

Textures

Perl (PE)
A subtle, burnished surface detail

Smooth (BS)
A contemporary smooth matt finish that looks as good as it feels

Universal (U)
A smooth matt look and feel, giving your worktop a simple, clean finish

Crystal (PG)
A sophisticated texture that offers a delicate surface shimmer

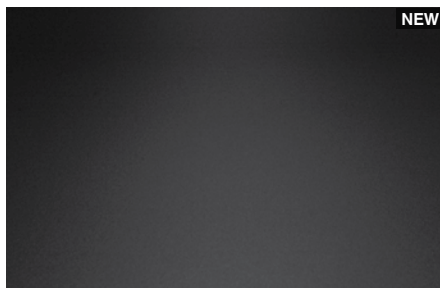

Opal (OP)
An irregular crystalline surface with subtly refractive facets delivering a visual and tactile effect

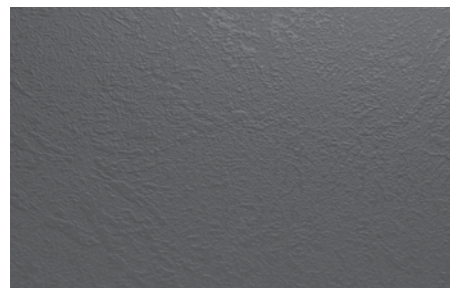

Gloss (SQ)
A gloss finish to enhance and compliment the effect of the decor

Wood Original (WO)
Gentle linear texture, replicating the natural undulations of an open woodgrain species

Super Matt (SU)
This texture is providing proof that matt surfaces in combination with smooth, high-grade optics, can make a resplendent appearance.

Rough Stone (RS)
Soft riven slate type texture. Suitable for natural stone decors

Care for your worktop

Oasis worktops are easy to maintain, simply use a damp cloth and a mild detergent or non-abrasive cleaner to keep the surface clean and hygienic.

Stubborn stains should be removed immediately (the use of abrasive cleaners should be avoided).

Whilst your worktop is resistant to high temperatures you should always put hot objects on to heat resistant mats or trivets. Our gloss finish will enhance and compliment the effect of the decor, however it is advisory to take extra care with gloss finish worktops as they are more prone to marking. Try to avoid sliding objects across the surface of the laminate. To prevent damaging the surface, always use a chopping board for preparing food. Full details for care and maintenance can be found in the Care Guide included with every worktop or discuss with your retailer.

Care for your environment

We only supply FSC certified wood products. This means we've used either timber traceable to a forest that is managed sustainably, or recycled waste wood diverted from landfill. We monitor our use of water and energy constantly to identify opportunities to reduce usage and have invested heavily in processes that generate energy from woodbased carbon neutral fuel, significantly reducing carbon emissions. We are proud to be BlueGreen certified as a supplier of Carbon Positive chipboard.

Sample swatches

We are happy to supply a sample swatch of any of the Oasis decors, please call 0845 7 298 298 or visit your nearest retailer.
